

Hamilton County Board of Education

Monitoring: Review: Annually in July	Descriptor Term: Emergency Allergy Response Plan	Descriptor Code: 6.412	Issued Date: 03/05/07
		Rescinded:	Revised: 09/16/21

The director of schools shall develop and maintain an Emergency Allergy Response Plan that meets state guidelines for managing students with life-threatening allergies. The Plan shall include measures to reduce exposure to allergens and procedures to treat allergic reactions. Components of the plan shall include, but are not limited to; education and training of personnel, record keeping/documentation, development and reviews of the allergy action plan, and protocols for classrooms and cafeterias that include strategies to reduce exposure to allergens.¹ A copy of The Plan shall be located in every clinic in the Guidelines for Health Care Procedures manual.

Using the state food allergy guidelines plan as a guide, the director shall also develop a process to identify all students with food allergies and develop and implement an Individualized Health Care Plan (IHCP) with an Allergy Action Plan for each specific student
